1. Provide a description that addresses the entire scope of the proposed project.

St. Patrick Center's Rapid Rehousing Program (RRP) is a Housing First and rapid rehousing program that provides rapid rehousing and supportive services for 122 households.

The target population to be served includes individuals and/or families that complete the VI-SPDAT assessment and receive scores that place them within the medium acuity range. These are participants who have moderate health, mental health and/or behavioral health issues that are likely to be able to attain housing stability with moderate, short-term assistance.

The service plan for RRP includes diversion, rapid re-housing, case management, and supportive services. Individuals and/or families for which a diversion is not possible will be prioritized based on their individual VI-SPDAT scores, and placed on a Service Prioritization List that places those with higher scores at the top of the list and those with lower scores at the bottom. Thus, individuals and families with the greatest level of acuity and need will receive priority for program enrollment and housing placement.

Individuals and families will work with a Housing Support Specialist to identify housing. The Housing Support Specialist will also assist in addressing housing barriers and ensure that they understand the expectations within their lease agreements. This process may take up to 30 days from initial assessment and determination of eligibility for the rapid re-housing program.

Within two weeks of the housing placement, each individual or family will work with an assigned Case Manager to develop a housing stability action plan, including opportunities for the Case Manager to connect with each participant in his/her community. The Case Manager will continue to provide in-home support with each household on a weekly or biweekly basis, depending on individual level of need and progress toward stated goals/objectives in their housing stability action plan. The Case Manager also links each participant/household to specific St. Patrick Center resources or community resources that can help them to address a specific need identified in the assessment process. Case Managers track each household's progress toward stability to help determine when the household exits the RRP.

St. Patrick Center's RRP anticipates providing services for 122 households annually. The goals for these households include (1) identify and secure housing for 90% of households within seven days of program enrollment, and provide wide-ranging assistance that enables these households to move into housing within 30 days of enrollment; (2) provide financial assistance over a period of up to six months and case management over a period of up to nine months that ensures that 85% of households are able to exit the program positively; and (3) 80% will continue to have positive outcomes six months after exiting RRP.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

Within 30 days of the initial assessment, the individuals and/or family will work with the Housing Support Specialist to find and secure housing. Case management will begin within two weeks of housing placement, and will continue for up to nine months. Financial assistance will continue for a period of up to six months, until the Case Manager deems it is no longer necessary.

To ensure effective and timely completion of activities, St. Patrick Center will utilize Compass Rose or another Homelessness Management Information System (HMIS) used by the City of St. Louis CoC to track program data and outcomes. St. Patrick Center currently utilizes a robust comparable database called Caseworthy, which is compatible with the CoC's HMIS. St. Patrick Center shares its data in Caseworthy with the CoC as required, and will continue to do so.

Increase the number of homeless persons served
The project applicant will complete a table to indicate what the current level of effort (i.e., number of persons currently being served) and what the new level of effort will be as a result of this expansion project. The project applicant should enter the number of persons/units/beds based on the full capacity (currently and after expansion) at a single point in time and not based on the number of persons served over the course of an operating year.

Provide additional supportive services to homeless persons
Select from the available items in the first menu and click "Add" or "Add All" to move them to the second menu. To cancel selection of one or more items added to the second menu, click on the appropriate selection(s) and then click "Remove" or "Remove All."

Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Does the proposed project have a designated staff person to ensure that children are enrolled in school and receive educational services, as appropriate: This is a required field. Select "Yes", "No" or "N/A" to indicate whether the project has a designated staff person responsible for ensuring that children and youth are enrolled in school and connected to the appropriate services within the community, including early childhood education programs such as Head Start, Part C of the Individuals with Disabilities Education Act, and McKinney-Vento education services. Only projects that do not serve families with children or unaccompanied youth should select "N/A." If "No" is selected, the project applicant will be required to answer an additional question.

Describe the manner in which the project applicant will take into account the educational needs of children when children and/or families are placed in housing: This is a required field if a response of "No" is given for either one of the two preceding questions. Use this space to explain how the project will plan to meet the educational needs of children and youth participants according to the requirements specified under section 426.B.4 of the McKinney-Vento Act as amended by HEARTH.

Describe how participants will be assisted to obtain and remain in permanent housing: This is a required field. Describe how the project applicant will assist project participants to obtain and remain in permanent housing. The response should address how the applicant will take into consideration the needs of the target population and the barriers that are currently preventing them from obtaining and maintaining permanent housing. The applicant should describe how those needs and barriers will be addressed through case management and/or other supportive services that will be offered through the project. If participants will be housed in units not owned by the project applicant, the narrative must also indicate how appropriate units will be identified and how the project applicant or subrecipient will ensure that rents are reasonable. Established arrangements and coordination with landlords and other homeless services providers should be detailed in the narrative.

Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently: This is a required field. Describe the supportive services that will be provided to help project participants locate employment and access mainstream resources so that they are more likely to be able to live independently.

For all supportive services available to participants, indicate who will provide them and how often they are provided. This field is required and at least one value must be entered. Complete each row from the dropdown menus for supportive services that will be available to participants, using the funds requested through the application, and funds from other sources. If more than one Provider is relevant for a single service, please select the provider that corresponds to the highest frequency.

- Provider: select one of the following: "Applicant" to indicate that the applicant will provide the service directly; "Subrecipient" to indicate that a subrecipient will provide the service directly; "Partner" to indicate that an organization that is not a subrecipient of project funds but with whom a formal agreement or MOU has been signed will provide the service directly; or, "Non-Partner" to indicate that a specific organization with whom no formal agreement has been established regularly provides the service to clients. If more than one provider offers the service at the same frequency, choose the provider according to the following: Applicant, then Subrecipient, then Partner, and lastly, non-Partner.

- Frequency: Select the most common interval of time for which the service is accessible to participants. If two frequencies are equally common, choose the interval with the highest frequency.

Applicants may leave dropdown menus as "—select—" when services are not applicable.

Please identify whether the project will include the following activities:

Transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs: This is a required field. Select "Yes" if the project provides regular or as

requested transportation assistance to mainstream and community resources, including appointments, employment training, or jobs. Select "No" if transportation is not regularly provided or cannot be provided consistently as requested.

Regular follow-ups with participants to ensure mainstream benefits are received and renewed: This is a required field. Select "Yes" if the project regularly follows-up with participants to ensure that they are receiving their mainstream benefits and to renew benefits when required. Select "No" if there is no follow-ups or the follow-ups are irregular concerning mainstream benefits.

Will project participants have access to SSI/SSDI technical assistance provided by the applicant, a subrecipient, or partner agency: This is a required field. Select "Yes" if project participants have access to SSI/SSDI technical assistance. The assistance can be provided by the applicant, a subrecipient, or a partner agency – through a formal or informal relationship. 1b. Will the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate? Yes

2. Describe how participants will be assisted to obtain and remain in permanent housing.

Persons will be referred to the program through the CoC's coordinated entry system, and ranked on a priority list according to vulnerability and CoC priority; the list is managed by the CoC. Case managers will first establish clients' housing needs and preferences. Case managers will also assess clients' needs for supportive services and other community based services (e.g., health, education, and employment). The client and case manager will then develop a plan of action in order to quickly house the client and connect with additional services.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

St. Patrick Center has a number of employment and education programs. Clients can access GED classes, culinary skills training, horticulture, and janitorial skills training programs. St. Patrick Center also collaborates with a number of other organizations that offer additional training. Each of these programs provides additional job development and employment case management. St. Patrick Center also has a SOAR team to assist clients with SSI/SSDI applications. Case management will also assist clients with other government-provided supplementary income sources.

4. For all supportive services available to participants, indicate who will provide them, how they will be accessed, and how often they will be provided.

4B. Housing Type and Location Detail

Instructions:

ALL PROJECTS EXCEPT HMIS

A unique detail screen should be completed for each structure. In the case of clustered apartments, a single complex with multiple addresses may be entered on one detail screen. In the case of scattered-site apartments, all scattered-site units within a single FMR area may be entered on one detail screen.

Housing Type: This is a required field. Select the proposed Housing Type from the dropdown menu. Refer to the Project Application Detailed Instructions for a definition of each Housing Type.

Indicate the maximum number of units and beds available for project participants at the selected housing site: This is a required field. Indicate the number of units and beds that will be served by this project.

How many of the total beds entered in "2b. Beds" are dedicated to the chronically homeless: This is a required field. Enter that total number of beds that are dedicated to the chronically homeless (CH). Dedicated CH beds are required through the project's grant agreement to only be used to house persons experiencing chronic homelessness, as defined at 24 CFR 578.3, unless there are no persons within the CoC that meet that criteria. These PSH beds are also reported as "CH Beds" on a CoC's Housing Inventory Count (HIC). If a project has dedicated beds to serve CH families, all beds serving the household should be included in this number. If none of the beds are dedicated to the chronically homeless, enter "0." If this is a new reallocated PSH project, all beds must be dedicated to the chronically homeless.

How many of the total beds entered in "2b. Beds" are not currently dedicated for the chronically homeless but will be used to assist the chronically homeless when turnover occurs: This required field will calculate automatically and is the difference between the total beds entered into field 2b. Beds and the value entered into 3a above.

How many of the beds listed in question "3b." above will likely become available through turnover in the FY 2015 operating year: This is a required field. Enter the number of beds that are estimated to become available through turnover in the FY 2016 operating year. Using the value automatically calculated in field 3b, estimate and then enter the number of beds that will likely become available over the requested grant term. This will give you the number turnover beds that are not dedicated to the chronically homeless.

How many of the beds listed in question "3c." above will be prioritized for use by the chronically homeless in the FY 2016 operating year: This is a required field. Use the number of turnover beds that are not dedicated to the chronically homeless and that you estimated in field 3c to estimate and enter the number of those beds that will be prioritized for the chronically homeless as soon as they do turnover.

Beds for veterans

How many of the total beds entered in "2b. Beds" are dedicated to veterans: This is a required field. Enter the total number of beds that are dedicated to veterans.

Beds for families

How many of the total beds entered in "2b. Beds" are dedicated to families: This is a required field. Enter the total number of beds that are dedicated to families.

Beds for youth

How many of the total beds entered in "2b. Beds" are dedicated to youth: This is a required field. Enter the total number of beds that are dedicated to youth, including parenting youth and unaccompanied youth.

Address: This is a required field. Enter the physical address for this proposed project. For Scattered-site housing, programs should enter the address where the majority of beds are located or where most beds are located as of the application submission. For scattered-site apartments or clustered apartments with different addresses, applicants may also choose to enter an administrative address.

Select the geographic area(s) associated with the address: This is a required field. Select the geographic location(s) of the selected Housing Type.

5C. Outreach for Participants

Instructions:

Enter the percentage of project participants that will be coming from each of the following locations: This is a required field. Enter the percentage (between 0% and 100%) of participants that will be coming from each of the following locations:

- Directly from the street or other locations not meant for human habitation
- Directly from emergency shelters
- Directly from safe havens
- Persons fleeing domestic violence

Total of above percentages: The percentages entered will automatically sum when all required fields are entered and the "Save" button is clicked. A warning message will appear if the total is greater than 100%.

If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements: This field is required if the total percentage calculated above is less than 100 percent. If required, explain where the unaccounted for participants will come from. All participants served in CoC Program funded projects must meet eligibility criteria set forth in the CoC Program interim rule and the FY 2015 CoC Program NOFA.

Describe the outreach plan to bring these homeless participants into the project: This field is required. Describe how the applicant/subrecipient plans to bring homeless persons into the project. Also describe the contingency plan that the applicant/subrecipient will implement if the project experiences difficulty in meeting the requirements to serve exclusively chronically homeless individuals and/or families. The contingency plan may include re-evaluating the intake assessment procedures or outreach plan.

NOTE The definition of Chronic Homelessness qualifies persons as chronically homeless only when they come from the street or other locations not meant for human habitation, emergency shelter, or safe havens. Additionally, to qualify for rapid re-housing, persons may only come from the street or other locations not meant for human habitation, emergency shelter, or safe havens.

Additional Resources can be found at the HUD Exchange:

1. Enter the percentage of project participants that will be coming from each of the following locations.

34%	Directly from the street or other locations not meant for human habitation.
66%	Directly from emergency shelters.
0%	Directly from safe havens.
0%	Persons fleeing domestic violence.
100%	Total of above percentages

2. If the total is less than 100 percent, identify how the persons meet HUD's definition of homeless and the project type eligibility requirements.

N/A

3. Describe the outreach plan to bring these homeless participants into the project.

St. Patrick Center has two full-time outreach workers who engage individuals who are homeless and living on the streets and other locations not meant for human habitation, as well as working with individuals staying in area emergency shelters. Outreach workers are able to assess vulnerability (e.g., VI-SPDAT) as well as to refer directly to housing case managers in the event that the person does not want to engage in other services within the St. Patrick Center building.

5D. Discharge Planning Policy

1. Has the state or local government developed or implemented a discharge planning policy or protocol to prevent or reduce the number of persons discharged from publicly-funded institutions (e.g. health care facilities, foster care, correctional facilities, or mental health institutions) into homelessness or HUD McKinney-Vento funded programs? Yes

6A. Standard Performance Measures

Instructions:

Housing Measures: This is a required field. Persons remaining in permanent housing as of the end of the operating year or exiting to permanent housing (subsidized or unsubsidized) during the operating year: Count each participant who is still living in your units supported by your facility as well as clients who have exited your units and moved into another permanent housing situation

Income Measure: This is a required field where at least one option must be chosen by the project applicant.

a. Persons age 18 and older who maintained or increased their total income (from all sources) as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Total income can include all sources, public and private.

b. Persons age 18 through 61 who maintained or increased their earned income as of the end of the operating year or program exit: Not applicable for youth below the age of 18. Earned income should only include income from wages and private investments, and not public benefits.

For each measure, enter a number in the blank cells according to the following instructions:

Universe (#): Enter the total number of persons about whom the measure is expected to be reported. The Universe is the total pool of persons that could be affected.

Target (#): Enter the number of applicable clients from the universe who are expected to achieve the measure within the operating year. The Target is the total number of persons from the pool that are affected.

Target (%): This field will be calculated automatically when all required fields are entered and saved. For example, if 80 out of 100 clients are expected to remain in the permanent housing program or exit to other permanent housing, the target % should be "80%."

Additional Resources can be found at the HUD Exchange:

7A. Funding Request

Instructions:

Will it be feasible for the project to be under grant agreement by September 30, 2017: This is a required field. Select "Yes" or "No" to indicate if this project application is awarded if it will be in a position to begin operating by September 30, 2017. The FY 2015 HUD Appropriations Act requires HUD to obligate FY 2015 CoC Program funds by this date. If "No" is selected, or if the deadline is not met, this may result in the rejection of a grant or the recapture of conditionally awarded funds.

Is the project proposing to use funds reallocated from the CoC's annual renewal demand OR Is the project applying for funding through the permanent housing bonus? Select "Reallocation" if this project application was created through the use of funds reallocated from one or more eligible renewal projects.

Does this project propose to allocate funds according to an indirect cost rate? This is a required field. Select 'Yes' or 'No' to indicate whether the project either has an approved indirect cost plan in place or will propose an indirect cost plan by the time of conditional award. For more information concerning indirect costs plans, please consult 2 CFR Part 200.56, Part 200.413 and Part 200.414, FY 2015 NOFA and contact your local HUD office. The following questions become visible if "Yes" is selected:

- Please complete the indirect cost rate schedule below: Applicant must complete at least one row in the grid.
- Has this rate been approved by your cognizant agency? Select "Yes" or "No" from the dropdown menu.
- Do you plan to use the 10% de minimis rate?: Select "Yes" or "No" from the dropdown menu.

Select a grant term: This is a required field. Select the term of the proposed project application. The selection here will determine how the "Summary Budget" will calculate the total funding request. Please refer to the FY 2015 CoC Program NOFA for details concerning grant terms and years of funding for different project types and eligible costs.

Select the costs for which funding is being requested: This is a required field. All project applications must identify the eligible cost budgets for which funding is being requested. The choices available will depend on the project type selected on Screen "3A Project Detail." The following eligible cost budgets may be listed: acquisition/rehabilitation/new construction, leased units, leased structures, rental assistance, supportive services, operations, and HMIS. Indicate only those activities for which the applicant is requesting funding from HUD through the FY 2015 CoC Program competition.

If you do not see the eligible cost budgets that you expected, you may need to return to Screen "3B. Project Description" to review the type of project selected. See the FY 2015 CoC Program NOFA for additional guidance.

Failure to enter adequate 'Quantity AND Detail' may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

7J. Summary Budget

Instructions:

The system populates a summary budget based on the information entered into each preceding budget form. Review the data and return to the previous forms to correct any inaccurate information. All fields are read only with exception to field "9. Admin (Up to 10%)."the "Total Requested for Grant Term for Admin."

Admin (Up to 10%): Enter the amount of requested administration funds. The grant will not fund greater than 10% of the request listed in the field "Sub-Total Eligible Costs Request." If an amount above 10% is entered, the system will report an error and prevent application submission when the screen is saved.

Total Assistance plus Admin Requested: This field is automatically populated based on the amount of funds requested on the various budgets completed by the project applicant and Admin costs requested. This is this is the total amount of funding the project applicant will request in the FY 2015 CoC Program Competition.

Cash Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Match/Leverage" to make changes to this field.

In-Kind Match: This field is automatically populated. If it needs to be changed, return to Screen "7I. Match/Leverage" to make changes to this field.

Total Match: This field will automatically calculate the total combined value of the Cash and In-Kind Match. The total match must equal 25% of the request listed in the field "Total Eligible Costs Request" minus the amount requested for Leased Units and Leased Structures. There is no upper limit for Match. If an ineligible amount is entered, the system will report an error and prevent application submission. To correct an inadequate level of match, return to Screen "7I. Match/Leverage" to make changes.

Cash and In-Kind Match entered into the budget must qualify as eligible program expenses under the CoC program regulations. Compliance with eligibility requirements will be verified at grant agreement.

The Total Budget automatically calculates when you click the "Save" button.

Dear Sir/Madam:

This responds to your June 26, 2012, request for information regarding the status of your group tax exemption.

Our records indicate that you were issued a determination letter in March 1946, that you are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code, and are not a private foundation within the meaning of section 509(a) of the Code because you are described in sections 509(a)(1) and 170(b)(1)(A)(i).

With your request, you provided a copy of the *Official Catholic Directory for 2012*, which includes the names and addresses of the agencies and instrumentalities and the educational, charitable, and religious institutions operated by the Roman Catholic Church in the United States, its territories, and possessions that are subordinate organizations under your group tax exemption. Your request indicated that each subordinate organization is a non-profit organization, that no part of the net earnings thereof inures to the benefit of any individual, and that no substantial part of their activities is for promotion of legislation. You have further represented that none of your subordinate organizations is a private foundation under section 509(a), although all subordinates do not all share the same sub-classification under section 509(a). Based on your representations, the subordinate organizations in the *Official Catholic Directory for 2012* are recognized as exempt under section 501(c)(3) of the Code under GEN 0928.

Donors may deduct contributions to you and your subordinate organizations as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to them or for their use are deductible for federal estate and gifts tax purposes if they meet the applicable provisions of section 2055, 2106, and 2522 of the Code.

Subordinate organizations under a group exemption do not receive individual exemption letters. Most subordinate organizations are not separately listed in Publication 78 or the EO Business Master File. Donors may verify that a subordinate organization is included

in your group exemption by consulting the *Official Catholic Directory*, the official subordinate listing approved by you, or by contacting you directly. IRS does not verify the inclusion of subordinate organizations under your group exemption. See IRS Publication 4573, *Group Exemption*, for additional information about group exemptions.

Each subordinate organization covered in a group exemption should have its own EIN. Each subordinate organization must use its own EIN, not the EIN of the central organization, in all filings with IRS.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Thomas".
